

This information is for teams that have already registered for a tournament.

First, go to the home page of Avogadro:

<https://app.avogadro.ws>

The page will look like:

Paid Accounts

As a user in the Avogadro system, you are able to participate in other people's tournaments in various roles. In order to host your own tournament, you must sign up for a paid account. Each paid account can have several tournament instances created within it and should serve as a logical cluster of tournaments (some extensions act on all instances in an account cluster).

Participating Tournaments

The following are tournaments you have an assigned role in:

North Carolina: Onslow County (Coach) 

You can select the tournament you would like to work in under the **Participating Tournaments** heading. You should only see the tournament that you have registered for here.

Using Avogadro as a Coach

When you are logged in, you will see the links that you need as a coach at the top of the webpage, and the results (when released) will be displayed in the main part of the page.

Pick which team you would like to complete the roster for first, and then continue with the directions. You will need to complete this for each team that you have registered.

Your team has been defaulted as *Competing* for each event. **Please update to “Not Showing” for any event that you know that you will not be entering, it helps the tournament directors know how to plan for space.**

Scrolling to the very bottom gives you another link to enter student names:

Create user "Henry Johnson"

When you click the *Create User XXX* link from the drop down menu, you will be taken to a page to create an account for the user:

Register Another User

This form allows you to create an account for another user. They will not be sent an email confirmation when you complete this form, and will need to claim the account at a later date. The unclaimed user account can be claimed by anyone who has access to that email account.

Fill in the student's first and last name, but you can **ENTER YOUR EMAIL** for everyone on your team. If you have contact info for your students that you want to add, that is fine, but not necessary. You can leave Phone blank. Please enter Gender, Ethnicity, and Grade Level. We need this information for aggregate reporting purposes; we do not use individual information.

After you create the user account, click the *Register* button at the bottom of the page, which will return you to the previous page. Now you can again type in the student's name into the box next to *Add Team Member* and select their name from the drop down menu, then click the *Add* button:

Scheduling Teams Event Scoring

Poynette Scheduling

This will become active at a specified time for your tournament.

Avogadro User Guide for Coaches

When you click the link, you will see something like this:

Most of your events are locked in place, but for some regional tournaments and for states, you will be able to schedule a time for certain events. The more important piece is the “View team schedule” link.

It will show you the schedule by event:

Scheduled timeslots for Poynette

Event	Scheduled Timeslot	Team Members
Mystery Design-Tech	No scheduled slot for this event	
Forensics-Physical	No scheduled slot for this event	
Disease Detective-Life	No scheduled slot for this event	
Astronomy-Earth	All Teams - 04/02/2016 07:45 am	Dylon Tatum
Robot Arm-Tech	3 - 04/02/2016 08:20 am	Hans
Its About Time-Physical	1-12 - 04/02/2016 09:00 am	Corbin Dan I

And by student:

Abby	
Time	Event
04/02/2016 09:20 am	Geocaching-Earth - 9
04/02/2016 11:45 am	Hydrogeology-Inquiry - 1-12

Bailey	
Time	Event
04/02/2016 09:00 am	Invasives-Life - 1-12
04/02/2016 11:45 am	Cell Biology-Life - 1-12
04/02/2016 01:00 pm	Anatomy and Physiology-Life - 1-12

Caleb Reddeman

You can log in and change this information any time up until competition time. This allows you to move people around even on the morning of the tournament when someone gets sick or doesn't show up. You can delete students using the red 'x.'

Assigning students to individual events is going to be exciting at the awards ceremony, as we hope to have projection screens that will show not only your school, but also the names for each student who won a medal!

If you get stuck, email Tim (ncscienceolympiad@ncsu.edu) and we will get it sorted out!
