Conen Morgan Memorial Fund for NC Science Olympiad

All who knew Conen understood his passion for NC Science Olympiad. As a former participant, Conen's 30+ years of service to the organization was fueled by his desire to encourage and develop young North Carolinians' curiosity for science. In recognition of his commitment, he was honored with the Dr. Jason Painter Distinguished Service Award for exceptional dedication to science education in 2016.

Gift and pledges received: \$50,000
Help us reach our goal of \$100,000

Once endowed, the **Conen Morgan Memorial Fund for NC Science Olympiad** will provide permanent, sustainable support for NCSO and K-12 STEM programming for students who live or work in tier I and tier II economic environments.

Reaching our goal will strengthen the endowment, allowing it to produce a larger budget in perpetuity.

"I credit Science Olympiad with giving me the courage to finish my college degree. Many times in life we overcomplicate goals. Science Olympiad reminded me that the spark for math and science starts from a very pure place and that if you break down a problem into its fundamental parts, it is much easier to conquer that task."
